Ontario Seeks Input on Code Changes

The Government of Ontario is proposing a package of diverse changes to the Building Code. The proposed changes are intended to support business and promote a greener Ontario.

CIPH Technical Advisor, Raman Chauhan, has reviewed the consultation document and prepared the attached summary of changes that related to the plumbing and heating industry. Please review to see if the changes have an impact (either positive or negative) on your business.

If you would like to comment on the proposed changes, please visit <http://www.obc.mah.gov.on.ca/Page3117.aspx>. Please remember, comments of support are equally as important as comments against a particular provision.

Comments must be submitted by Friday, October 30th, 2009.

The Canadian Institute of Plumbing & Heating is a not-for-profit trade association. Founded in 1933, the Institute is a vibrant organization committed to providing members with the tools for success in today's competitive environment. More than 250 companies are members of this influential Canadian industry association. They are the manufacturers, wholesaler distributors, master distributors, manufacturers' agents and allied companies who manufacture and distribute plumbing, hydronic heating, industrial, waterworks and other mechanical products. CIPH wholesalers operate more than 700 warehouses and showrooms across Canada. Total industry sales exceed \$5 billion annually.

295 The West Mall, Suite 330, Toronto, Ontario M9C 4Z4.
